

ESP WIN!

Education Support Personnel

Congratulations to AEU members – working together and strong union advocacy delivers another big result!

Long-term top-up hours for part time Teacher Assistants to be made permanent

A strong union and good working relationships delivers:

- ✔ Employing staff with a low base of permanent hours and continuously topping up hours over a number of years is not a supported employment practice.
- ✔ The DoE has done an audit on top-up hours over the past three years
- ✔ DoE will contact schools and where a permanent part time member has had top-up hours above their permanent allocation continuously for a three year period, and where the duties are ongoing, their permanent hours will be increased accordingly

We're stronger in union!
